THE LIBERTY

There are two big special attrac-
tions scheduled for this theater dur-
ing the next few days, one, "The
Caillaux Case," on Sunday, which is
a seven-reel Fox Special, and de-
serves your careful consideration.

This is the screen version of
the sensational murder case which elec-
trified Paris and startled the world
a few years ago, when Mme. Caillaux
shot and killed M. Calmette, ex-
Premier of France and editor of "The
Figaro," an important French news-
paper. The picture is a masterly
production, and one which is sure to
grip and hold your attention from
beginning to end. We especially recom-
mend it to you, and urge you to
see it.

On Tuesday and Wednesday will be
shown the third of the big special
attractions which are being presented
every two weeks at the Liberty.
This time it is "The Cavell Case," the
story of the British Red Cross nurse
the Germans shot. This case will go
down in history as one of the most
brutal atrocities committed by the
Huns, and the shot that killed Edith
Cavell will be forever known as "the
shot that was heard 'round the world,
and raised an army over night."

This picture deals with the German
atrocities in Belgium with startling
frankness, and has been one of the
most talked of films ever shown in
this country. It is historically cor-
rect, and should be seen by every man
and woman in Alma, as it will never
be forgotten.

"The Cavell Case" is still being
featured in the big city theaters,
opening next Sunday at the Washing-
ton in Detroit for a week's run. It is
shown here at considerable expense,
and in order to make it possible to
continue to show big city attractions
in Alma, it is to be hoped that liberal
patronage will be accorded them
when they are here.—adv.

WEATHER SUMMARY

Following is the weather summary
for the month of March as reported
by P. M. Smith, local observer: Mean
maximum temperature 47° degrees.
Mean minimum 23° degrees. The
maximum temperature for the month
was 55° degrees on the 16th and the
minimum was -3° degrees on the 8.
The total precipitation for the month
was 5.02 inches, the greatest in
twenty-four hours being 1.5 inches on
the 17th. The total snowfall for the
month was 21 inches. There were
six clear days during the month, fif-
teen partly cloudy and ten cloudy
days.

Fair Warning.

Bob's brother, seeking revenge, had
put grass in his sister's slippers after
they had been cleaned. Later in the
afternoon Bob discovered the mischief
and as his sister was about to put on
the slippers he came swiftly running
toward her, crying out as he did so:
"Don't put them on. There's a bird's
nest inside and you'll kill the young
ones!"
